Princeton Community Visioning Volunteers to Meet at Woomert Park

Princeton, IA – Princeton is participating in the award-winning Iowa’s Living Roadways Community Visioning Program to envision beautiful and ecological improvements along roadsides and landscapes. “We recently reviewed data from local residents that completed random sample surveys and participated in focus groups”, says Gina Wolfe, City Council member leading the efforts.

The Community Visioning Steering Committee will meet again on Wednesday, June 9th at 6:00 p.m at Woomert Park in Princeton to brainstorm goals based on resident input. The meeting is open to the public and allows for social distancing.

“The information gathered is used to develop a transportation concept plan for the City of Princeton”, says Wolfe. You can learn more about the Community Visioning Program by visiting communityvisioning.org/princeton.

###

The Iowa’s Living Roadways Community Visioning Program is sponsored by the Iowa Department of Transportation in partnership with Iowa State University Extension Landscape Architecture and Trees Forever, an Iowa-based nonprofit organization with a mission to plant trees and care for the environment.
